Our famous coal heater is the "German" the best soft coal stove we know anything about. You can ask them all about it. We have Four hard coal stoves on exhibition now. The Acorn people commenced to make hard coal stoves in the hard coal region in 1830, and have been at it continuously ever since, and make to-day THE BEST HARD COAL STOVE ON EARTH. Come in and see them. They will burn the Arkansas hard coal as well as the Pennsylvania.

Among our Round Oaks, we have the Acorn, White and Gem City, all first class heaters and fire keepers. We also carry a large line of wood heaters, monkey stoves with or without ovens. In Cook Stoves and Ranges We have a large line on the floor now. We sell a first class, six holes steel range, full nickel trimmed, with warming closet at \$25.00. The same stove with 15 gallon full copper reservoir at \$30.00. We have a few of the Acorn's best wood cook stoves which are worth, every place, \$25, we will close them out at \$16.10. If you can use a straight wood stove here is a big bargain for you. We sell a No. 8 cook stove (wood) fully warranted at \$10.00. We have several good second hand coal cook stoves to close out cheap. We show a strong line of combination coal and wood cook stoves at \$18 to \$20. We invite you to come in and see the largest, prettiest and best line of stoves it has been your privilege to look upon in Butler.

SUIT FOR DIVORCE ENDS IN TRAGEDY.

Kansas City Business Man Kills His Wife and Afterwards Shoots Himself.

BREACH CAME LAST WEEK.

Woman, Who Moved in Society and Attracted Public Attention Several Times, Charged Cruelly.

Kansas City, Mo., Aug. 15.—Geo. B. Evans, manager of the American Transfer Company, murdered his wife, Mrs. Lillie Maude Evans, in a most cold-blooded manner at their home in the southern portion of the city early to day.

Later he was found dead in Mount St. Mary's Cemetery, two miles distant, having shot himself.

Mrs. Evans was attacked as she lay asleep.

According to the hired girl, the only witness to the tragedy, Evans entered his wife's apartments at about daylight and fired two shots at her.

Neither took effect, and then, dragging Mrs. Evans toward him by the hair, he deliberately placed his revolver against the back of her neck and fired.

The shot literally blew the woman's head off. In the dim light the servant was unable to recognize the murderer positively as Evans, but informed the police, when the alarm was given, that she believed she recognized the voice as his.

Evans escaped and his body was found only after several hours' search.

Mrs. Evans, who was 26 years old, was a society woman. She was married to Evans in 1898. Last Wednesday she filed suit for divorce, alleging drunkenness and cruelty, and at the same time brought suit demanding that her husband pay \$800 for rent of the barn occupied by the company of which he is manager.

The property, Mrs. Evans asserted, belonged to her, and in addition, she asked an order restraining Evans from disposing of two valuable rare horses and other property, which she said also belonged to her.

Mrs. Evans attracted much attention last March during the teamsters' strike by driving one of her husband's transfer wagons, which the regular driver refused to take out of the barns for fear of violence at the hands of the strikers.

Mrs. Evans made several trips, perched on the seat of a big truck, between her husband's barns and the freighthouses, driving fearlessly through crowds of jeering strikers.

Once when some of the strikers tried to cut the horses' traces she lashed the men with her whip, and proceeded without being further molested.

Two years ago Mrs. Evans also gained some notoriety by horsewhipping a man who had attempted to flirt with her.

Mrs. Evans had feared that her husband would kill her, and had talked of her fears last night. She locked the door of her room when she retired, but by a strange fatality unfastened it in the night to gain fresh air.

Evans evidently had planned the tragedy deliberately. He spent the night in a neighboring saloon. Returning home, he entered the house through the window near which his umbrella was found to day, and apparently went directly to his wife's room.

Mrs. Evans, awakened by the first two shots, was heard to scream. In a moment more, when the third shot had been fired, her screams ceased, and when the servant reached her room, Mrs. Evans was dead.

ARRON.

Death of a Newspaper Man.

Joplin, Mo., Aug. 17.—A. C. Anglemeyer, a newspaper man of this city, was found dead in the street at Nineteenth and Pearl streets this morning with three bullet holes in his body. A revolver lay by his side. The verdict of the coroners jury is suicide. Anglemeyer until lately was connected with the Joplin Daily Globe and formerly was with the Galena Times for several years. He had been out of employment several weeks. He had just returned from a trip to Colorado and was preparing to locate at Seattle, Wash. A note left to his friends reads as follows:

"My wife lives at 1632 court place, Denver. Telegraph her." Anglemeyer was 35 years of age and belonged to one of the oldest families in Joplin.
